Associate Profiles

CHARLES 'CHUCK' YARRIS

Associate

Education:

- Chuck received his Bachelor of Science in Food Service and Technology from Pennsylvania State University.

Background:

- Chuck is an effective, versatile Senior Management professional with over 30 years of broad-based experience in diverse business environments.

Areas of Expertise:

- Quality Assurance
- Project & Interim Management
- Productivity / Efficiency Improvement
- Plant Management
- Employee Training
- Capital/Asset Management

Accomplishments:

He has a demonstrated track record of outstanding performance in planning, developing, and managing positive change and directly communicates with a high energy level and ability to establish and achieve optimal working relationships with staff and clients.

Chuck accomplishments include the coordination and management of the successful start up of a new high-technology, aseptic juice processing facility that is one of its kind in the United States; responsibility for the turnaround of company acquisition that was operating in excess of a \$250,000 monthly manufacturing loss to a favorable planned cost standard. In addition, he overhauled a culture plant resulting in reduction of costs from .22¢ to .15¢ per pound which included new management, capital improvements, and employee communication.
